

USP PEPTIDE MONOGRAPH AND REFERENCE STANDARD ACTIVITY

The following is a listing of USP peptide monographs and reference standards that are new or under development, provided by Kibby at the March workshop:

USP Peptide Monographs in Development

Published in <i>PF</i>	Proposed to be Published in <i>PF</i>
Exenatide 45(3)	Calcitonin Salmon
Eptifibatide 46(2)	Teriparatide
Glucagon 46(4)	Teriparatide Injection
Bivalirudin 44(2)	Triptorelin Pamoate
Bivalirudin for Injection 44(2)	
Gonadorelin Acetate 44(2)	

New USP Reference Standards

Reference Standard	Monographs	Compendial Use	Estimated Release Date
Bivalirudin	Bivalirudin Bivalirudin Injection	ID, Assay, System suitability	2021Q2
[Asp-9]-Bivalirudin	Bivalirudin Bivalirudin Injection	System suitability	Released
[Des-Glu13]-Bivalirudin	Bivalirudin Bivalirudin Injection	System suitability	2021Q2
[D-His2]-Gonadorelin	Gonadorelin Acetate	System suitability	Released
[D-Tyr5]-Gonadorelin	Gonadorelin Acetate	System suitability	Released
Eptifibatide	Eptifibatide	ID, Assay, System suitability	2022
Eptifibatide Dimer	Eptifibatide	System suitability	2021Q4
Beta-3-Asp Eptifibatide	Eptifibatide	System suitability	2021Q3
D-Har Eptifibatide	Eptifibatide	System suitability	2021Q3
3-D-Asp Eptifibatide	Eptifibatide	System suitability	2022
6-D-Cys Eptifibatide	Eptifibatide	System suitability	2021Q3
[D-His1] Exenatide	--	No compendial use, as a common process impurity	Released
